

the Sommelier's Voyage

Sail into the sunset, taste local wines, and experience
Buenos Aires from the world's widest river.

an **authentic** experience

the Experience

The Sommelier's Voyage is an intimate 4-hour experience aboard our Sailboat, where you will taste local wines and discover an uncaptured side of Buenos Aires and its landscape.

Setting sail from Buenos Aires, a seasoned crew will navigate you through your journey while imparting local knowledge and culture. We meander along the river, taking our time to anchor at scenic spots and soak in the views.

Our experienced Sommelier will guide you through a tasting of carefully selected Argentinian wines, diving into a range of varieties while savouring their unique flavours and aromas.

In between tastings, tapas-style light bites are served, all sourced from artisanal local producers.

The journey concludes with stunning panoramas of the Rio de la Plata as the sun sets on the horizon.

Voyage Schedule

Terms & Recommendations

A back-up date is always scheduled to account for any unfavorable weather conditions. In case of cancellation due to rain, a full refund will be provided.

Each Voyage is limited to a handful of guests, so that you can enjoy the journey in true comfort and intimacy.

We recommend wearing comfortable clothing and, if possible, white-soled sneakers (please avoid boots or shoes with hard soles). Don't forget to bring a coat and sunglasses!
