# the Experience

The Sunset Cruise is a 3-hour private experience aboard our Sailboat, where you will discover an uncaptured side of Buenos Aires with sparkling wine and delicious, artisanal light bites.

Setting sail from Buenos Aires, a seasoned crew will navigate you through your journey while imparting local knowledge and culture.

Later, you'll enjoy the peaceful sounds of nature with your loved ones as we take our time to anchor at scenic spots and soak in the views.

The journey concludes as the sun sets on the horizon, toasting with world-class sparkling wine, complemented by locally sourced artisanal light bites.
